8 POE

8 PORTS POE NETWORK VIDEO RECORDER NVR-8CHPOE-8MP-UK

Efficiently manage your surveillance storage with our reliable NVR-8CHPOE-8MP.

Designed to be the backbone of your surveillance setup, our NVR not only provides straightforward functionality and reliable performance but also serves as a centralized hub for storing every video stream from your surveillance cameras. With user-friendly features, trust our NVR-8CHPOE-8MP to be the cornerstone of your surveillance strategy.

Add up to 8 cameras effortlessly with the 8 POE ports, ensuring seamless integration into your surveillance system. Plus, easily integrate IP cameras across IP segments for expanded coverage and comprehensive monitoring. Capture every detail in stunning 4K resolution and enjoy convenient playback via cloud storage. Expand your storage up to 8TB HDD and enjoy crisp 4K HDMI output for clear images. Utilize H.265+ compression to save space without compromising quality.

Effortlessly store all your camera recordings with our NVR-8CHPOE-8MP today!

Add up to 8 cameras

- **8 POE ports:** Simplify installation with support for Power over Ethernet, accommodating up to 8 cameras effortlessly.
- **Add IP cameras:** Expand your surveillance network by seamlessly integrating up to 8 IP cameras with the 8 POE ports.

Expansive storage

- **Cloud playback:** Conveniently access recorded footage remotely via cloud storage.
- **Supports up to 8TB HDD:** Store large amounts of video data with support for up to 8 terabytes of HDD storage.
- **H.265+:** Efficiently reduce file sizes while maintaining image quality with advanced video compression.

Clear Footage

- **8MP resolution max:** Capture detailed footage with up to 8 megapixel resolution for enhanced monitoring.
- **4K HDMI Output:** Enjoy high-resolution video playback with 4K HDMI output.

8 PORTS POE NETWORK VIDEO RECORDER

NVR-8CHPOE-8MP-UK

Technical Specifications

Model:	NVR-8CHPOE-8MP-UK
Resolution:	Max. 8MP (4K)
Channel:	Max. 8CH
Panel:	1/4 Panel
IPC Connection:	8CH*8MP
Live View:	1 Panel: 1CH*8MP 4 Panel: 4CH*4MP 6 Panel: 2CH*5MP + 4CH*720P 8 Panel: 2CH*5MP + 6CH*720P
Playback:	1 Panel: 1CH*8MP 4 Panel: 4CH*8MP
Incoming Bandwidth:	512Mbps
Outgoing Bandwidth:	512Mbps
Audio:	Audio Out & Audio In (mini jack)
Certificate:	CE, EAC, RoHS, REACH, WEEE
Material:	Metal
Ethernet/ LAN:	1 (10/100Mbps, RJ45)
POE:	8xRJ45 (10/100Mbps) PoE budget 14W/ port, total budget 56W max.
HDD:	Support up to 8TB HDD 3 1/2" SATA

Power:	DC48V/2A
Dimensions:	280x208x51mm
Net Weight:	816g
IP Grade:	Indoor

Other specifications

Language:	English
ONVIF:	Profile S
Protocol:	TCP/IP, DHCP, HTTP, HTTPS, NTP, DNS, RTP, RTSP, P2P
APP:	Vision by STRONG

Environment

Working Humidity:	<90% (non-condensing)
Working Temperature:	-10°C to 40°C (subject to HDD working temperature)

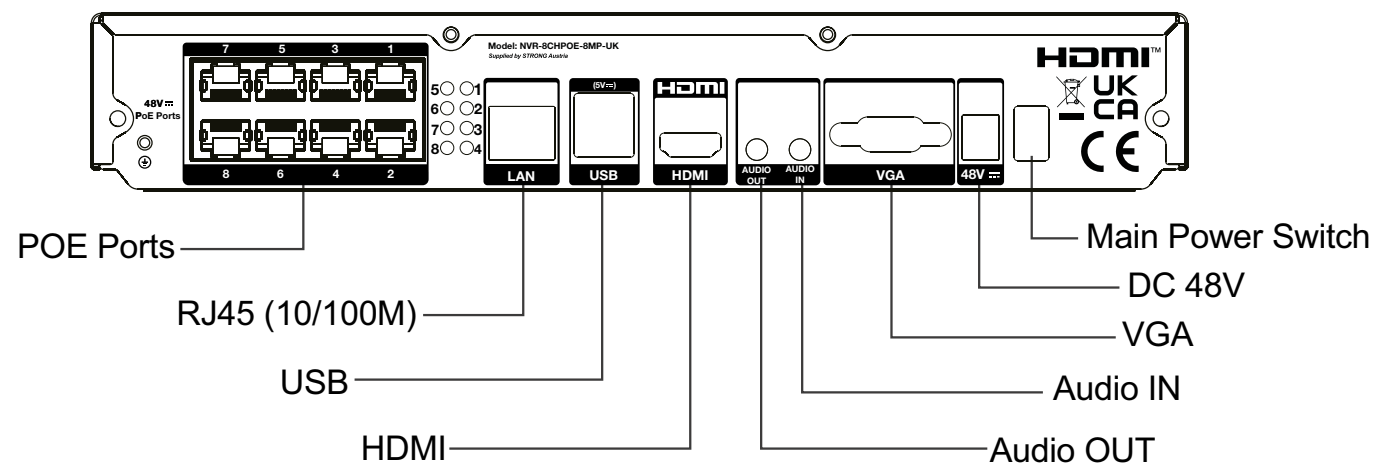

Package Contents

- 1x NVR*
- 1x Mouse
- 1x Power supply
- 4x Screws
- 1x Quick Start Guide
- 1x Warranty card

General Specifications

Alarm IP Camera:	Human & Vehicle Detection / Motion Detection / Area Detection / Line Crossing
Alarm NVR:	Video loss / HDD error / HDD full / No HDD / IP conflict

*HDD not included

NVR-8CHPOE-8MP-UK EAN: 9120072377402
PCB: 10
