## POWERLINE 600 TRIPLE PACK

Internet everywhere from any power socket!

The Powerline 600 Triple which includes 3 Powerline 600 adapters creates in an extremely simple way a high-speed home network using your home's existing electrical wiring at speeds up to 600 Mbit/s.

No new wire required! Connect computers, consumer electronic and network-compatible devices to the Internet in any room and any floor of your home by simply using a power outlet.

You just have to connect one Powerline 600 adapter to your internet modem via an Ethernet port and your Internet connection becomes immediately available from any power socket by using the second Powerline and third Powerline 600 adapter in the room of your choice.

No power outlet goes to waste because each Powerline 600 adapter is equipped with an extra noise filtered power socket.
