TABLE OF CONTENTS

SIMPLIFIED EU DECLARATION OF CONFORMITY

Hereby, STRONG declares that the device SRT41 is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address: https://www.strong.tv/en/doc

1.0 INTRODUCTION

Thank you for choosing the 4K Ultra HD Google TV Stick supplied by STRONG. It has been produced with the latest new technology and offers extensive entertainment and great versatility. We wish you many hours of new great experiences exploring the Google world!

1.1 Safety Instructions

Read all of the instructions before operating the device. Keep these instructions well for later use.

Only use attachments/accessories specified or provided by the manufacturer (such as the exclusive supply adapter, battery etc.).

Please refer to the information on the product enclosure for electrical and safety information before installing or operating the apparatus.

To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture. The ventilation should not be impeded by covering the ventilation openings with items, such as newspaper, table-cloths, curtains, etc. The apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the apparatus.

■ ⚡ This mark indicates a risk of electric shock.

To prevent injury, this apparatus must be securely attached to the floor/wall in accordance with the installation instructions.

Danger of explosion if the battery is incorrectly replaced. Replace only with the same or equivalent types.

The battery (battery or batteries or battery pack) shall not be exposed to excessive heat such as sunshine, fire or the like.

Excessive sound pressure from earphones and headphones can cause hearing loss. Listening to music at high volume levels and for extended durations can damage one's hearing.

In order to reduce the risk of damage to hearing, one should lower the volume to a safe, comfortable level, and reduce the amount of time listening at high levels.

The mains plug or appliance coupler is used as disconnect device, it shall remain readily operable. When not in use and during movement, please take care of the power cord set, e.g. tie up the power cord set with cable tie or something like that. It shall be free from sharp edges or similar which can cause abrasion of the power cord set. When put into use again, please make sure the power cord is not damaged. The absence of a light indication on the apparatus does not mean that it is fully disconnected from the mains. To disconnect the apparatus completely, the mains plug must be pulled out.

STRONG

Attention should be drawn to environmental aspects of battery disposal. No naked flame sources, such as lighted candles, should be placed on the apparatus.

■ To prevent the spread of fire, keep candles or other open flames away from this product at all times.

▣ Equipment with this symbol is a Class II or double insulated electrical appliance. It has been designed in such a way that it does not require a safety connection to electrical earth.

Precautions

Never try to open the device. It is dangerous to touch the inside of the device due to high voltages and possible electrical hazards. Opening the device will void the warranty of the product. Refer all maintenance or servicing to suitably qualified personnel.

When you are connecting cables, be sure that the device is disconnected from the mains supply voltage. Wait a few seconds after switching off the device before you move the device or disconnect any equipment.

It is a necessity that you only use an approved extension and compatible wiring that is suitable for the electrical power consumption of the installed equipment. Please ensure that the electrical power supply corresponds with the voltage on the electrical identification plate at the back of the device.

■ ⚠ Risk of explosion if the battery is replaced by an incorrect type. Disposing of a battery into the fire or a hot oven, or mechanically crushing or cutting a battery can result in an explosion.

Leaving a battery in an extremely high temperature surrounding environment can result in an explosion or the leakage of flammable liquid or gas. A battery subjected to extremely low air pressure may result in an explosion or the leakage of flammable liquid or gas.

Operating Environment

- Do not install this equipment in a confined space such as a bookcase or similar unit.
- Do not use the set near damp, and cold areas, protect the set from overheating.
- Keep away from direct sunlight.
- Do not use the set near dust place.
- Do not place candles near the opening area, to avoid flammable foreign material from entering the device.

WEEE Directive

Correct Disposal of this product. This marking indicates that this product should not be disposed with other household wastes

throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling

1.2 Storage

Your device has been carefully checked and packed before shipping. When unpacking it, make sure that all the parts are included and keep the packaging away from children. We recommend that you keep the carton during the warranty period, to keep your device perfectly protected in the event of repair or warranty.

Equipment Set-up
Please follow the instructions below:
This user manual provides complete instructions for installing and using this product. The symbols will serve as follows:

WARNING:	Indicates warning information.
NOTE:	Indicates any other additional important or helpful information.
MENU	Represents a button on the remote control or the product.
Move to	Represents a menu item within a window.

1.3 Package content

1x Google TV Stick
1x Voice Enabled Remote
1x Power USB Adaptor 5V / 1A
2x AAA Batteries
1x Installation instructions

WARNING:	The batteries should not be recharged, disassembled, electrically short- circuited, be mixed or used with other types of batteries. If rechargeable accumulators instead of batteries are going to be used (e.g. NiMH), we recommend using types with low self-discharge to ensure long time operation of your remote control.
