## Enjoy HD entertainment at a high level

The new HD+ receiver SRT 7815 comes with advanced features. Playback of files from your external USB storage device and 8 favourite lists are among the highlights. The storage capacity of more than 3000 channels and 20 timers level up your options of switching on your preferred shows from the HD+ package. The comfortable features like favourite lists, parental lock function, quick and easy installation make it a perfect choice for great entertainment. With the Electronic TV Program Guide (EPG) you can follow event information up to 7 days. Benefit from your first 6 months with 26 private HD channels and integrated HD+ smartcard for free. The test phase ends automatically.

- 26 private HD channels and over 40 Free-to-Air HD channels (free 6 month trial) via smartcard reader encrypted by Nagravision Conditional Access, exclusively for Germany<sup>1</sup>
- Digital Free-To-Air programmes via satellite<sup>2</sup>
- USB port: playback of files<sup>3</sup>
- Excellent audio and video quality
- 8 favourite lists for TV and radio
- Memory capacity of more than 3.000 channels
- 20 timers
- Electronic TV Programme Guide (EPG) for on screen programme information and schedule for the following 7 days<sup>4</sup>
- Parental lock function
- Teletext with selection of sub-pages via remote control<sup>4</sup>
